

08 Definitions of Non-Alignment

09 Mahendra Kumar - "Non-Alignment is one of those
10 phenomena of international politics which appeared
11 on the international scene after the Second
World War and which represent an important
force in the shaping of the international
relations."

12
13 Appadorai - " ~~Not~~ Non-Alignment can be best
14 defined as not entering into military alliances
with any country and in particular with
any country either of the western or of
the communist bloc."

15
16 Pt. J. L. Nehru - "Non-Alignment means
17 attempt by a nation to keep itself aloof from
military blocs. It mean trying to view
18 the things as far as possible, not from
military point of view though that has to
19 come in sometimes, but we must have
independent viewpoint and must have friendly
relations with all countries."

20 M. S. Rajan - "Specially and negatively Non-
Alignment meant the rejection of military or
political alliances. Positively it means taking
ad-hoc decisions on international problems,
as and when they come up according
to the merits of each case."
