Definitions of Law

Austin - "Law is the command of the sovereign."

Duguit - "Laws, in the fundamental sense, are rules of conduct which normal men know they must observe in order to preserve the benefits derived from the life in society."

Holland - "A law is a general rule of action taking cognizance only of external acts enforced by a determinate authority, which authority is human and among human authorities is that which is paramount in a political society or briefly a law is a general rule of external action enforced by a sovereign pol. authority."
